

Cerebral Palsy United Football Club provide opportunities for participants in an inclusive environment across the NW region. **Anyone** who has Cerebral Palsy/acquired brain injury and wants to play football is more than **welcome** to come along and be a part of our club.

We are a registered charity (charity number 1175709) and training and development sessions are available to ALL regardless of age, ability, experience, gender, mobility, or CP classification. Training sessions are run by FA and UEFA qualified coaches and are specifically designed to meet the needs of each player. Fixtures and festivals are open to each relevant group and are all age and environment appropriate. We cover all phases of development and create a positive, safe, inclusive, welcoming learning environment for all.

Our long term aim is to support players and help them to become **the best they can be** both on and off the pitch.

We currently deliver 6 centres across each county in the North West Region, covering an area of 2,550 square kilometers and have 14 sessions running in our football programs each week and 4 charity support programs in place.
